

Lynette Vaive, MBA

Regional Network Co-Director, North America

Lynette Vaive supports the effective implementation of emotional intelligence coaching and training for individuals and organizations. Recent projects include bringing emotional intelligence (EQ) assessments and coaching for...

- A large team of millennials to develop self-awareness to step forward as future leaders, earning recognition as a transformational leadership experience.
- The senior executive leadership of a regional food service company to redesign their business strategy for full engagement by discovering their shared Noble Goal.
- An individual in a coaching case study to take action, making major decisions to intentionally move forward his personal relationships, education, and career.

Drawing on over 25 years of experience in healthcare technology (as a Microbiology Lab Supervisor, Infection Prevention Practitioner and Credentialed Trainer for medical software), Lynette blends hard science, business acumen, and coaching expertise. Framing EQ in data-oriented language and combining process improvement experience with EQ business applications allows Lynette to effect change and develop processes and training that resonate within the business context.

Lynette serves as a Mentor Coach for Six Seconds' coach certification training, supporting new coaches to strengthen their coaching presence and integrate emotional intelligence fully into their practice. She mentors emotional intelligence practitioners to utilize effective experiential learning design and to make training both powerful and meaningful.

Lynette is one of Six Seconds' Advanced Practitioners and has authored several case studies on this methodology. She holds the Associate Certified Coach (ACC) designation from the International Coach Federation as well as both Emotional Intelligence (EQ, Six Seconds) and Spiritual Intelligence (SQ21, Deep Change, Inc.) coaching certifications. She has a Master of Business Administration degree from Otterbein University and a Bachelor of Science degree in Medical Technology from The Ohio State University. Lynette also completed a Master Certificate in Lean Six Sigma from Villanova University, as well as various healthcare certifications and medical software credentials.
