

## Paul Stillman, Ph.D., LFACHE

### Director of Organizational Vitality

Paul Stillman has over 30 years of experience as a healthcare executive and consultant. He has held leadership positions in rural, suburban, and inner city hospitals, with responsibilities ranging from strategic planning and marketing to divisional operations. Paul was a Vice President at the largest Catholic hospital in New England, overseeing a campus that included a 60-bed acute rehabilitation hospital and the system's inpatient and outpatient behavioral health services. In addition, he had responsibility for system-wide, university-affiliated ambulatory care programs.

Paul was also a Consultation Services Specialist with Planetree, a world leader in patient-centered care. As a Planetree consultant, Paul conducted leadership retreats and facilitated focus groups, with the goal of fostering cultural transformation around an ethic of patient centeredness in a healing environment. He worked with network hospitals throughout the United States, as well as healthcare organizations in Canada, Brazil, and Japan.

Paul has a Ph.D. in Human and Organizational Systems from Fielding Graduate University. His doctoral research was on sustainability as organizational culture. He also holds a Master of Science degree with a concentration in health administration from the School of Public Health at the University of Massachusetts, Amherst. Paul is a Life Fellow in the American College of Healthcare Executives.

Paul is a member of the Global Office Team, leading efforts to foster organizations in which people and business can thrive. He also certifies and supports coaches and consultants in Vital Signs, Six Seconds' organizational model and suite of assessment tools.
